Office of the General Manager  
H. DANIEL McFARLAND

## CITY & COUNTY OF SAN FRANCISCO

The Department of Electricity and Telecommunications (DET) has produced a comprehensive 1996-97 City-wide Telephone Directory. The Directory can be used as a handy reference guide for City employees.

The Directory format enables the user to rapidly locate telephone numbers of City departments or employees and is divided into five main sections, delineated by separator pages. Facsimile (fax) machine numbers are also provided to the right of the telephone number in the Departmental and the Individual Employee Listings. In this Directory, DET has provided a limited list of Internet Addresses. The following is a brief description of the sections:

**Departmental Listing** identifies divisions, street addresses, key administrators of each department, telephone devices for the deaf (TDD), and departmental abbreviations;

**Individual Employee Listing** includes only a small portion of the City employees as designated by each department who have regular interaction with other City departments, and provides internet addresses as submitted by each department;

**METS Listing** identifies the location of call boxes and telephone numbers for the Mayor's Emergency Telephone System;

**Cross Reference List** links bureaus, divisions and sections to their respective departments; and

**List of Departments** in alphabetical, numerical and new FAMIS code formats.

Our intent has been to create a useful, high-quality product. DET would like to acknowledge the contributions made by a number of individuals: Fred Weiner, Alice Perez, Lynn Maceren, Johnson Eng, Jill Uyeda, Joseph Hu, Jim Caddell, Faith Franck, Jack Donohoe and Bill Gallagher of DET; David German and the Reproduction & Mail Services staff; and Joan Lubamersky, Office of the CAO.

Sincerely,

A handwritten signature in black ink, appearing to read "H. Daniel McFarland".

H. Daniel McFarland  
General Manager

## **Keeping Phone Numbers Current**

DET. wants to keep this directory up-to-date  
for use by the City's Telephone Operators  
and to efficiently update the directory for future printings.

When changes occur, please call 550-2700.

# **DEPARTMENT OF ELECTRICITY AND TELECOMMUNICATIONS**

The Department of Electricity and Telecommunications (DET) is authorized by the San Francisco Administrative Code Section 22B to plan, propose and design the telecommunications facilities for boards, commissions and departments of the City. City departments are required to place all voice, data, wireless, cellular, video, and other telecommunications service requests through DET. The following is a breakdown of service divisions to assist you in your requests:

## **DET Administration (General Information) 550-2700**

- Financial Administration Division which includes the Accounting Division which handles work orders, expenses, payments and departmental backcharges; and Billing and Computer Services Divisions which maintain the Telecommunications Billing System for City departments.

**Accounting:** 550-2714

**Billing:** 550-2941

- Radio Communications Division designs, installs and maintains City wireless equipment (wireless includes radio, cellular, pagers).

**Radio:** 550-2745 (Manager)

550-2730 (Service)

- Public Safety Wire Communications Division installs and maintains overhead cable plant on City streets, fire alarm boxes, Mayor's Emergency Telephone System (METS), maintains street lights, and supports Central Fire Alarm Station (CFAS).

**Operations:** 550-2724

- Telecommunications Division designs, implements and maintains City voice systems and the City transport network. Facilities installs and maintains voice and data cable plant for the City (cable plant includes voice and data wiring such as twisted-pair telephone wire and jacks, shielded data cable, fiber optics).

**Telecommunications:** 550-2700

**Facilities:** 550-2747

no: frequently

## DEPARTMENT of THE ENVIRONMENT

The Department of the Environment is the City's central point of information and referral to the public and City departments on environmental matters.

It was created by the City Charter in 1995 to advise, review, and investigate City policies and practices on environmental matters, such as recycling, solid waste management, energy and natural resource conservation, urban forestry, habitat restoration, hazardous materials, plants and wildlife, toxics, and environmental justice.

# **Mayor's Emergency Telephone System (METS)**

## MAYOR'S EMERGENCY TELEPHONE SYSTEM

This listing is provided as a courtesy to emergency and public safety personnel. These are the only individuals who have access to the system.

The primary purpose of this system is to have a communication system independent of Pacific Bell Telephone Company in the event of an emergency such as the 1989 earthquake. Due to the failure of power and public telephone service in the hours immediately following an earthquake, the METS may be the only form of communication available to City emergency personnel.

For METS information or to report METS trouble, call the Department of Electricity and Telecommunications at (METS) 4059 or 4052, or 558-3265.

**Animal Care & Control** ..... 1200 15th St..... 4102

### City Hall

- **3-Character Alpha  
Codes**

## DEPARTMENTAL LISTINGS

The following four listings provide the name of each department with numbers and Alpha Codes assigned by the City's Controller. These numbers and codes are referenced to the City's accounting system (a.k.a., FAMIS) and in other government operations.

The Department list is organized in four ways:

1. Alphabetical by Department Name
2. By Number
3. Two-Character Alpha Codes
4. Three-Character Alpha Codes

# 1. DEPARTMENTAL LISTING BY NAME

## **How to Order Additional Copies of this Directory**

Each City department was issued the number of directories they requested.

Additional copies are available from the Department of Electricity and Telecommunications Information/Help Desk (550-2700) for a nominal charge of \$15.00 each.

In the future, the directory will be referenced on the City's World Wide Web site.

# TELEPHONE TIPS

## COURTESY IS IMPORTANT

- Answer telephone promptly.
- Be courteous and friendly.
- Identify yourself and your department.
- Offer to take a message if person called is not available.
- Get accurate and complete information.

### DON'T SAY:

Who's this?

What's your number?

What do you want?

I don't know anything about that.

Just a minute.

Hold the line.

I'm back.

You have to...

Tell Mr. Smith to call Mrs. Brown.

She's (he's) not here.

### DO SAY:

May I have your name, please?

May I have your telephone number, please?

May I tell him (her) the subject of your call?

I'm sorry, but that is not handled in this department. May I transfer you to...?

Would you hold the line a moment, please?

It will take a little time to check. May I call you back?

Thank you for waiting.

Would you please...

Please ask Mr. Smith to call Mrs. Brown.

She's (he's) not available right now. May I help you or ask her (him) to return your call?
